April 30, 2015

We are preparing for our second store opening of 2015. Store opening dates and merchandise arrival dates are now firm and we require you to be ready for the successful execution of your purchase orders to fill the new store. It is critical that these orders are shipped complete and on time for a successful entry into each new market.

**Purchase Order Release:** Direct to store purchase orders will start releasing the week of June 22<sup>nd</sup>, 2015. Product must arrive at the store on the specific date outlined on your purchase order. (Note: Stock product that arrives prior to July 21<sup>st</sup>, 2015 will be rejected by the store and returned to the vendor)

**New Store Vendor Compliance:** Due to the strategic importance of New Store orders, Lowe's requires a **100% quantity fill rate and 100 % on time** compliance on all new store orders. Failure to do so will result in a fine equal to 10% of the invoice value of the product short shipped or late, minimum \$2,500.00 dollar fine per purchase order.
