PRE-LOADING/STUFFING CONTAINER INSPECTION DOCUMENT

Prior to lading the container, Vendor/Consolidator must inspect and verify 1) the container structure is intact (e.g. no false walls, floors, or tampering evident in the physical structure) and 2) the locking mechanism of the doors is in good working order.

Container Number: (4 character alpha + 7 numeric)

By checking the boxes and signing below, the undersigned certifies that he/she physically inspected the container designated above on the _____ day of _____, 20____, and verifies the container structure is intact and free from tampering and that the locking mechanisms on the doors are in good working order and reliable.

- Interior Front Wall (opposite end from rear doors)
 - Interior Left Side (from rear doors of container)
 - Interior Right Side (from rear doors of container)
 - Interior Floor
 - Ceiling/Roof
- Doors: Inside Outside Locking Mechanisms Operational and Intact
- Container Exterior
 - Undercarriage

Comments:

The undersigned individual acknowledges by signing this Pre-Loading Container Inspection Document that he/she holds the title designated below and is authorized to act on behalf of the Vendor/Consolidator in the execution of the Pre-Loading Container Inspection Document under seal.
