

Product Content Management (PCM) Overview for Web Vendors Updated 02/11

Before beginning this process, the vendor needs to send a completed Item Set-up Sheet (ISS) to the Merchandising Specialist (MS). The Merchandising Specialist will create a subscription for the highest-level barcode.

- The vendor then logs into PCM to complete the GDSN data.
- The vendor clicks on the barcode in the Vendor (GTIN) Data column of the WorkList and completes all the required pages listed under this column.
- **NOTE:** For additional information on each attribute, click on the attribute itself. A yellow help box will pop-up to explain the attribute.

Vendor (GTIN) Data

- [Basic Information](#)
- [Indicators/Identifiers](#)
- [Barcodes](#)
- [Additional Descriptions](#)
- [Warranty & Ad Pricing](#)
- [Content & Packaging](#)
- [Handling & Storage](#)
- [Ordering & Distribution](#)

- [Product History](#)

Vendor Item (GTIN) Data Product Measurements

Business Area Type	VENDOR
In-box Height (Inches)	
In-box Width (Inches)	
In-box Depth (Inches)	
Out-of-box Height (Inches)	
Out-of-box Width (Inches)	
Out-of-box Depth (Inches)	
Peg Horizontal (Inches)	
Peg Vertical (Inches)	
Peg Hole Number	

Help Information

In-box Height(Inches)
The measurement of the height of the trade item. The vertical dimension from the lowest extremity to the highest extremity, including packaging. At a pallet level the trade item Height will include the height of the pallet itself.

- Web vendors must have a GLN to complete PCM setup. Contact GS1 via <http://www.gs1.org/barcodes> to acquire a GLN.

The following pages will walk you step-by-step through the screens of the Vendor (GTIN) Data. They are:

1. [Packaging Hierarchy](#)
2. [Basic Information](#)
3. [Indicators/Identifiers](#)
4. [Barcodes](#)
5. [Additional Descriptions](#)
6. [Warranty & Ad Pricing](#)
7. [Content & Packaging](#)
8. [Handling & Storage](#)
9. [Ordering & Distribution](#)

10. [Product Measurements](#)
11. [Hazardous Information](#)
12. [Source Tagging](#)
13. [Product History](#)

Things to keep in mind the following when navigating through PCM:

- To move from page to page, click the “Next” button at the bottom of the left column.
- Remember to save your work frequently. To do so, click the “Save” button at the top of the screen.
- Once you have completed all the above screens, you will need to “Submit” and “Confirm” your work.

Packaging Hierarchy

Note: The barcode shown should be your highest-level barcode.

- A. Enter the quantity of the [packaging level](#).
- B. Use the drop-down menu to select the appropriate packaging level (each, inner pack, case or pallet).
- C. Click on “Update Packaging Level.”

The screenshot shows the 'New Product' screen in the PCM application. The user is logged in as PANDHA01. The 'Packaging Hierarchy' section is active, displaying a table with columns: Lowe's Consumer Unit, Vendor Consumer Unit, Packaging Level, Barcode, Quantity of Next Lower Level, Total Quantity of Vendor Consumer Units, and Total Quantity of Lowe's Consumer Units. A row is shown with 'EACH' as the packaging level, '10696182003976' as the barcode, and '1' as the quantity. Below the table, there is a form to add a new level, with a dropdown menu for 'Packaging Level' (options: EACH, INRPK, CASE, PLT) and a text input for 'Quantity'. Red arrows and text labels indicate: 'C. Click on Update Packaging' (pointing to the 'Update Packaging Level' button), 'B. Select Packaging Level' (pointing to the dropdown menu), and 'A. Enter Quantity' (pointing to the quantity input field).

- D. When entering your each UPC barcode, check the box to select the Vendor Consumer Unit.
Note: Your each-level barcode should always be an EAN/UCC 12 or 13-digit barcode.
- E. Enter 1 for quantity, and click “Add Packaging Level.”
Note: When moving to next screen, always use the next button at the bottom of the list.

Indicators/Identifiers

- A. **Base Unit:** Yes at the UPC levels; No for all others.
- B. **Contains Wood:** Yes if the product is made with wood; No for all other materials.
- C. **Available for Direct Consumer Delivery:** Yes if you will ship to customer's home address; No if you will only ship to Lowe's.
- D. **Available for Special Order:** Yes if you offer this product for Special Order Sales (SOS); No if you do not.
- E. **Orderable Unit:** Yes if this is the level Lowe's will order the product from; No if it is not.
- F. **Variable Unit:** Yes if your quantity will be shipped at a different quantity or length each time. (I.e. A roll of carpet may be 100 square feet when shipped the first time, and then the next time it is shipped it may be 110 square feet.). No if the quantity or length will be the same each time you ship.
- G. **Invoice Unit:** Yes if this is packaging level that will appear on your invoice to Lowe's; No if it is not.
- H. **Dispatch Unit:** Yes if packaging level is the shipping level (i.e. if you ship from two different packaging levels, then you will say yes to both.) No if it is not.
- I. **Bulk Indicator:** Yes if this item is sold by the linear foot; No if it is sold by the piece.
- J. **Recall Indicator:** Yes if this item has been recalled in past; No if this item has never been recalled.
- K. **Suggested Return Policy:** Select the way you want your returned goods handled from the drop-down menu.
- L. **US Patent:** Yes if this product has a United States patent; No if this product does not.
- M. **Environmental Identifier:** Select the correct identifier from the drop-down menu.
- N. Click "Add Selection(s)."

Warranty & Ad Pricing

- A. There are no mandatory fields on this page. Complete fields as needed.

Content & Packaging

- A. **Net Content:** Enter the quantity for the packing level (each, inner pack, case or pallet) you are working on. (For example: An each level 24-pack of bottled water has a net content of 24. A case level that contains two 24-packs of bottled water has a net content of 48.)
- B. **Net Content Unit of Measure:** Select the correct unit of measure from the drop-down menu. (In the bottled water example, fluid ounce is the Net Content Unit of Measure for the each level. The case or pallet Net Content Unit of Measure is each.)
- C. **Selling Unit of Measure:** Select the correct unit of measure from the drop-down menu. (In the bottled water example, pack is your selling unit of measure.)
- D. **Packaging Material:** Select the correct package material from the drop-down menu. (In the bottled water example, the package material is plastic.)
- E. **Packaging Type:** Select the correct packaging type from the drop-down menu. (In the bottled water example, stretch wrap is the packaging type.)

NOTE: Stretch Wrap does not involve heat when wrapping the product whereas Shrink Wrap does.

The screenshot shows the 'New Product' form for 'Content & Packaging'. The user is logged in as PANDHA01. The form has a left sidebar with navigation links, a main form area, and a right sidebar with 'Current Information' and 'Hierarchy Information'. Red arrows point to specific fields in the main form:

- A. Enter the Net Content:** Points to the 'Net Content' input field.
- B. Net Content Unit of Measure:** Points to the 'Net Content Unit Of Measure' dropdown menu.
- C. Selling Unit of Measure:** Points to the 'Selling Unit Of Measure' dropdown menu.
- D. Packaging Material:** Points to the 'Packaging Material' dropdown menu.
- E. Packaging Type:** Points to the 'Packaging Type' dropdown menu.

Handling & Storage

- A. There are no mandatory fields on this page. Complete fields as needed.

Ordering & Distribution

- A. Enter the **Order Quantities** for Stock or Special order types.
1. **Minimum** is the lowest number quantity you will allow Lowe's to place an order for.

2. **Multiple** is the number that is divisible by the minimum. (For example: If your minimum is 20 then your multiple could be 2, 5 or 10.)
3. **Lead Time** is the amount of time in days it will take you to get the order to Lowe's.
- B. **Order Unit of Measure** is the measurement used for ordering the item. Use the drop-down menu to select.
- C. **Truck Load Quantity** is the number of items that is needed for a full vehicle load. **This is not a required field.**
- D. **Total Quantity of Layer per Trade Item** is the number of layers a pallet contains, and is only required for pallet GTINs. **This is not a required field.**
- E. **Total Quantity of Trade Items per Layer** is the number of each's per layer for a case or pallet. **This is not a required field.**
- F. **Import Classification Type** is when an item is shipped from outside of the United States. Use the drop-down menu to select.
- G. **Country of Origin** is where the goods have been produced or manufactured. Use the drop-down menu to select.
- H. **Vendor Harmonized Tariff ID:** When an item is produced or manufactured in a country other than the United States, you must enter your Harmonized Tariff ID. Click "Add to List" for import items.
